Who am I forgetting (from first list)? Who else do we think is potentially going to come back?
What about Ruby? Is she in Hell or really, truly, dead, dead? What about Azazel? Cain?
Who would we love to see one more time, even if we doubt it's going to happen?

Remaining episodes (9 left!):

15.12 Galaxy Brain

15.13 Destiny's Child

15.15 Gimme Shelter

Given that this is the last season of the show, and once it's over these characters will be in our hands, I kind of wanted to keep the discussion focused on the show itself for today. But if you do want to talk about ships, stories, minor characters, etc. you're welcome to, even if they aren't your favorite thing. Let's just respect everyone's character and shipping preferences, and we'll be good.

How many people have been watching from the beginning?

What season did you start watching in?

What drew you into the show?

How did you react when you found out season 15 would be the last season?

What were your feelings at the end of season 14?

What did you hope for going into season 15?

What were you worried about, if anything?

From the list, who are we worried about surviving the end of the show? (Mark these on the list)

Why did Sam shoot Chuck in the shoulder, and not in the heart?

Given that Chuck is weirdly obsessed with one brother shooting the other, what could cause that at this point? (I have ideas.)

How do we feel about the treatment of Eileen in "The Trap"?

Other questions/loose ends?
